5 MR. HILL: Mr. Steiner, I don't

9 MR. STEINER: Take it under
10 advisement and ask you to follow up in writing.

20 you not to answer, please go ahead and answer my
21 question. Okay?

1 **A. Okay.**

5 understand it.

6 **A. Yes.**

7 Q. During the course of the day I may ask a
8 question and you know what the question is going to
9 be and you know what the answer is. I would ask you

Page 22	Page 24
<p>1 person or persons who caused -- the person or</p> <p>2 persons who caused the explosion?</p> <p>3 A. No.</p> <p>4 Q. Do you know if your wife saw the person or</p> <p>5 persons who caused the explosion?</p> <p>6 MR. STEINER: Objection.</p> <p>7 THE WITNESS: She didn't.</p> <p>8 BY MR. HILL:</p> <p>9 Q. I understand that at the time you were</p> <p>10 injured you lost consciousness, is that right?</p> <p>11 MR. STEINER: Objection.</p> <p>12 THE WITNESS: Not as far as I know.</p> <p>13 BY MR. HILL:</p> <p>14 Q. Tell me what you recollect happening after</p> <p>15 the explosion.</p> <p>16 A. Nothing. I remember only for a few</p> <p>17 seconds.</p> <p>18 I remember sitting in the chair and not</p> <p>19 being able to move. I didn't understand what</p> <p>20 happened.</p> <p>21 I couldn't hear anything. I couldn't speak.</p>	<p>1 Q. You mentioned that you were unable to</p> <p>2 speak.</p> <p>3 Has anyone told you whether you said</p> <p>4 anything on the occasion of the explosion?</p> <p>5 A. No one told me that I tried to say</p> <p>6 anything.</p> <p>7 Q. You mentioned that you do have a memory of</p> <p>8 three days later, is that right?</p> <p>9 A. The first thing I remember is from Tuesday</p> <p>10 morning. This happened on Saturday night.</p> <p>11 I remember waking up in the hospital and I</p> <p>12 remember my father was sitting next to the bed.</p> <p>13 Even after that, the next few days after that, I</p> <p>14 don't remember everything.</p> <p>15 Q. You remember waking up in the hospital but</p> <p>16 not much more beyond that, is that right?</p> <p>17 MR. STEINER: Objection.</p> <p>18 THE WITNESS: I remember waking up in</p> <p>19 the hospital and for the next week I was in the</p> <p>20 hospital after that for a week and a half and</p> <p>21 specific things are there that I do not remember</p>
Page 23	Page 25
<p>1 I saw my wife on the phone. That's the last thing I</p> <p>2 remember for three days.</p> <p>3 Q. You say that's what you remember. Has</p> <p>4 someone told you that you were awake even though you</p> <p>5 don't have a memory after what you've just</p> <p>6 described?</p> <p>7 MR. STEINER: Objection.</p> <p>8 THE WITNESS: As far as -- yes. As</p> <p>9 far as I know, I did not lose consciousness.</p> <p>10 BY MR. HILL:</p> <p>11 Q. So you believe you were conscious but you</p> <p>12 just don't remember what happened after the events</p> <p>13 you just described?</p> <p>14 A. Yes.</p> <p>15 Q. The reason you believe you were conscious</p> <p>16 is because someone has told you that you were</p> <p>17 conscious?</p> <p>18 A. Yes.</p> <p>19 Q. Who has told you that you remained</p> <p>20 conscious after the period you described?</p> <p>21 A. I don't remember. Probably my parents.</p>	<p>1 happening but I know that they happened because I</p> <p>2 was told later.</p> <p>3 BY MR. HILL:</p> <p>4 Q. People told you something happened but you</p> <p>5 don't remember?</p> <p>6 A. Yes.</p> <p>7 Q. When do you believe you -- do you believe</p> <p>8 that at some point in time you have a complete</p> <p>9 memory after the events?</p> <p>10 A. Yes.</p> <p>11 Q. When do you think the first time is that</p> <p>12 you have a complete memory going forward?</p> <p>13 A. I for sure remember what happened after I</p> <p>14 got out of the hospital which is ten days</p> <p>15 afterwards.</p> <p>16 Q. Recognizing that there are some gaps in</p> <p>17 your memory, sir, can you describe for me the nature</p> <p>18 of the injuries that you received on February 16,</p> <p>19 2002?</p> <p>20 MR. STEINER: Objection.</p> <p>21 THE WITNESS: Yes.</p>

Page 26	Page 28
<p>1 I cannot see out of my left eye at all.</p> <p>2 I have shrapnel in my brain. The hearing in my left</p> <p>3 ear is decreased. I cannot hear high frequency</p> <p>4 sounds almost at all, like an alarm clock.</p> <p>5 If I'm lying down on my right on the</p> <p>6 pillow, then I can't hear the alarm clock at all out</p> <p>7 of my left ear.</p> <p>8 Normal speaking volume, frequencies, I</p> <p>9 hear -- it sounds much softer. You have to talk</p> <p>10 louder to me if you are talking to me when you are</p> <p>11 sitting on my left.</p> <p>12 If someone were to speak softly to me</p> <p>13 sitting on my left, I have a very hard time hearing</p> <p>14 them. Also I have a constant ringing in my left</p> <p>15 ear. Sometimes it goes up to be high pitched</p> <p>16 sounds.</p> <p>17 Going back to my eye, I have a lot of</p> <p>18 infections in my left eye. It happens a lot, every</p> <p>19 few months.</p> <p>20 The eye is very dry and it's more prone</p> <p>21 to infection. The fact that I cannot see out of my</p>	<p>1 will take me two seconds to understand that it's hot</p> <p>2 and I won't automatically move my hand which means I</p> <p>3 can burn myself easier.</p> <p>4 Another time everything that happens</p> <p>5 hurts a lot more. For example, if I -- any force</p> <p>6 that I have to exert, especially with my middle</p> <p>7 finger on my right hand, it can hurt.</p> <p>8 Something that happened just last week</p> <p>9 at the gas station and pressing on the gas pump and</p> <p>10 it wasn't moving. I had to do it a little bit</p> <p>11 harder and it really, really hurt, something that</p> <p>12 does not happen on my other hand.</p> <p>13 Because of this feeling, it's not so</p> <p>14 easy to understand -- I can't identify exactly what</p> <p>15 I'm touching. It's harder to understand what I'm</p> <p>16 touching.</p> <p>17 Occasionally, when it's cold out, my</p> <p>18 hand also hurts, especially where the scars are,</p> <p>19 where the shrapnel is.</p> <p>20 My right ankle I also had shrapnel</p> <p>21 which severed a tendon and the nerve which currently</p>
Page 27	Page 29
<p>1 left eye causes many, many problems in day to day</p> <p>2 life.</p> <p>3 For example, bumping into people that</p> <p>4 are on my left because I don't know that they are</p> <p>5 there.</p> <p>6 I cannot -- I have only 120 degrees of</p> <p>7 view so I have to always turn my head in order to be</p> <p>8 able to see what's around me.</p> <p>9 Another thing that has to do with my</p> <p>10 eye is the fact that the way that it looks, it</p> <p>11 doesn't look normal, and people, as far as I'm</p> <p>12 concerned at least, people always are looking at me</p> <p>13 and trying to figure out what's wrong, trying</p> <p>14 to -- don't know why it happened. Maybe they think</p> <p>15 I was born like that. That's something that really</p> <p>16 bothers me.</p> <p>17 What else? On my right hand, I have</p> <p>18 shrapnel in my right hand which caused nerve damage</p> <p>19 on three of my fingers which causes a reduced</p> <p>20 sensation and also hypersensitivity, meaning on one</p> <p>21 hand if I put my fingers on something that's hot it</p>	<p>1 causes -- at the beginning I had a cast on. They</p> <p>2 did surgery to connect the tendon and the nerve.</p> <p>3 For around two months I had a cast on.</p> <p>4 I could not walk. I was in a wheelchair. My foot</p> <p>5 was hurting constantly. I couldn't sleep for many,</p> <p>6 many weeks because of that.</p> <p>7 At one point we went back to the</p> <p>8 hospital because it was hurting so much, we thought</p> <p>9 there was something wrong with the cast. It turned</p> <p>10 out it was just because of the injury itself.</p> <p>11 We went through three or four months of</p> <p>12 physical therapy in order to regain use of my right</p> <p>13 foot.</p> <p>14 To this day I have reduced feeling on</p> <p>15 most of the sole of my right foot which means that I</p> <p>16 have to be very careful what I step on because I</p> <p>17 won't be able to feel it.</p> <p>18 If I'm working at home and one of the</p> <p>19 kids leaves a tiny toy on the floor, if I step on it</p> <p>20 with my right foot it really, really hurts, much</p> <p>21 more than the normal, than my left foot, which is</p>

Page 30

Page 32

1 something that -- actually day to day I have to pay
2 attention a lot more than normal to what I'm
3 stepping on when I'm walking.

4 One more thing I remembered. Due to
5 the hearing loss in my left ear, it means
6 that -- something that happens almost every day. I
7 try to not have people sit to my left.

8 For example, if at work we're going to
9 eat, sitting down at the table in the dining room, I
10 always try to take the leftmost seat in the table
11 because otherwise it's very hard to talk with
12 people.

13 Right now I cannot see that my lawyer
14 is sitting here. If he was talking to me it would
15 be harder to hear him. Something that
16 actually -- every day it's something that I cope
17 with.

18 BY MR. HILL:

19 Q. Have you finished your answer?

20 A. I'm trying to remember if there's anything
21 else that I didn't say. On my thigh, there's a nail

Page 31

1 here under the skin. You can actually feel it.

2 I also have a scar on my left leg somewhere.

3 If I go back to my eye, the fact that I only
4 have one eye means that I have no spare parts, so to
5 speak, and I have to be very careful with anything
6 that can happen to my right eye.

7 A medical condition which I don't remember
8 its name which means that, it means that an injury
9 in one eye can affect the other eye which means I
10 have to, every half year I have to have a checkup to
11 make sure my right eye is okay.

12 This is something that's always constantly
13 at the back of my head all the time, what will
14 happen if something happens to my right eye, then I
15 won't be able to see at all.

16 I think that's it.

17 MR. STEINER: The record should
18 indicate I'm seated to the witness' immediate left.

19 BY MR. HILL:

20 Q. Are you having trouble hearing
21 Mr. Steiner?

1 A. No, if he's speaking loudly.

2 MR. STEINER: The reason why I stated
3 that was for reference because he said "my lawyer
4 sitting next to me."

5 BY MR. HILL:

6 Q. You mentioned that you are currently
7 unable to see with your left eye, is that correct?

8 A. Yes.

9 Q. Has anyone ever told you whether anything
10 could be done to restore vision to your left eye?

11 A. Nothing can be done.

12 Q. You mentioned that you have some shrapnel
13 in your brain.

14 A. Correct.

15 Q. Does the shrapnel in your brain affect
16 your daily living?

17 MR. STEINER: Objection.

18 THE WITNESS: It doesn't affect me in
19 daily living but it means if I ever have to have an
20 MRI for any future medical condition I won't be able
21 to do it.

Page 33

1 BY MR. HILL:

2 Q. Apart from preventing you from having an
3 MRI in the future do you believe the shrapnel in
4 your brain has any other continuing effect on you
5 today?

6 A. I'm not a doctor so I don't know what will
7 happen in the future. So far it had no effect.

8 Q. No one has ever told you that your brain
9 is functioning differently as a result of the
10 shrapnel being there, is that right?

11 A. No.

12 Q. You are agreeing with me?

13 A. Yes.

14 Q. You mentioned that your hearing is
15 decreased in your left ear, right?

16 A. Yes.

17 Q. Has anyone ever told you whether your
18 hearing could be improved with surgery or any other
19 procedure?
